## County Delegates Begin Session

### Boss McCandless Has Every- thing In Readiness For Nominations

The city and county Democratic Territory and the County.

We pledge our Senators, Representatives and Supervisors if elected, to enact effective building and license laws and regulations to prevent unsightly and insanitary camps and tenements.

We pledge our legislative nominees to endeavor to secure such modification of the existing election laws, as shall dispense with the requirement of a nomination fee or other payment of money by a candidate for office, and such as will make the certificate of the presiding officer and secretary of a bona fide convention of any organized political party a sufficient nomination of any candidate selected by such convention.

We favor the construction of a belt road around this island and the con-

## NEXT YEAR WILL BE LAST OF NATIONAL SHOOT AT CAMP PERRY SAYS RILEY

That the national rifle shoot will be held at Camp Perry, O., but one more year, and that soon there will probably be three national ranges in the news brought back from the mainland by Major W. R. Riley, captain of the Hawaiian team that competed in the big event a few weeks ago. Both pieces of news are of much importance to Hawaiian rifle men.

After next year, says Major Riley, the shoot will be held further west at Sparta, Wis. This move is expected to result in the establishment of three national ranges—the one at Camp Perry, one at Sparta, and one somewhere in California.

The Hawaiian team traveled 2109 miles further than any other team that took part in the shoot. The record it made was exceptionally fine, in view of the length of the trip. If a range is established in California, the island team can reach the ground without the inconvenience of three or four days on the train, and the men will be in much better condition to shoot. Korean Assault Case Reaches  
Final Stage—Decision  
Next Week.

This morning at the police court another spasm of the much discussed Korean peasant and battery case was staged before Judge Andrade, and after all the evidence was in, and the lawyers had had their say, all was as clear as mud.

Young, former police officer, was examined at the Korean society house by someone—of that there is no doubt—but as to whether Young gave himself a black eye and hit himself four times on the back of his body, there is doubt. At least, the attorney for the defense seems to think it unlikely for all these things to have happened, and six and half years of fact and there

## BALL GAME FOR TOMORROW

Barry's Beauts Will Tackle  
All-Military Team  
At Park.

Manager Barry and his Beauts will meet the best in the U. S. A. tomorrow afternoon at Athletic Park in baseball game that will be followed by a big turkey dinner. Arrangements for the scrap were made this morning by Barry and Sgt. McCall, captain and manager of the All-Army bunch.

The game will begin promptly at 3:30 o'clock and the proceeds will not be divided among the players but will go toward "setting up" a great turkey dinner at 7:30 o'clock tomorrow evening at the Union Grill, with the managers as joint captains-of-ceremonies.

This will be "some game." The First Hospital company team is just aching to beat the best in the U. S. Army, can send out and Manager Barry says there will be a fight all the way.

Sgt. McCall has lined up the crack players of the army and he himself will direct the battle from his place at shortstop.

Manager W. W. Harris has given the use of the grounds free to the players, starting a good example. The fans ought to turn out and assist the boys in getting all the trimmings for that turkey dinner in the evening.

Besides the thirty men of the two teams, representatives of the press will be the guests at dinner.

Admission has been placed at a low figure—15 cents by adults, but grandstand and box seats by invitation.

Bill and Robertina will be the judges for the girls.

The Army Beauts will be picked by the following:

## LUETTA SMITH ON BOARD CHIYO

(Associated Press Cable)  
CHIYO MARU, Sept. 16.—Three insurgents Republican candidates were successful in the State primaries, such well-known standpatters as Boutell and Lowden going down in defeat.

Gansbergen, insurgent, defeated

Boutell in the Ninth District. This was a bitter fight, Boutell having served his district in Congress since 1887. The war will be continued, as Boutell announced today that, despite the verdict of the primaries, he will run as an independent Republican.

Copley, insurgent, was successful in the Eleventh, defeating Snapp; and McKenzie, insurgent, won in the Thirteenth, defeating Frank O. Lowden.

Congressman Foss won out with a plurality of five hundred.

## M'CANDLESS IS NAMED AS DELEGATE

Hawaii's Rifle Team Arrives  
Home—New Machines  
For Local People.

Boss McCandless was the "unanimous" choice of the Democratic Territorial Convention yesterday for the party nominee as Delegate to Congress.

The Platform Committee presented the McCandless platform at 4:30 and after a discussion that did not touch upon the merits of the platform in any particular the rules were suspended and the platform adopted in its entirety. C. W. Ashford was the only man who had the hardihood to suggest that the platform savorred a little too much of populism to be entirely satisfactory.

After McCandless had been nominated a letter was read by Chairman Shipman of L. L. McCandless. This rather humorous document was as follows:

Honolulu, September 15, 1910.  
To the Honorable Chairman and Members of the Democratic Territorial Convention, Honolulu, T. H.

Gentlemen:—In accordance with Section 15 of the Rules of the Democratic Party in the Territory of Hawaii, I hereby pledge myself that in the event of my failure to secure the nomination for Delegate to Congress at the coming election to be held on the 8th day of November, 1910, I will not thereafter prior to said election seek the nomination for the same or any other public office from any other political party, nor appear as an independent or rival candidate for any public office for which a Democratic candidate has been duly nominated.

Attention has been placed at a low figure—15 cents by adults, but grandstand and box seats by invitation.

Bill and Robertina will be the judges for the girls.

The Army Beauts will be picked by the following:

## SIERRA COMES WITH MANY

Hawaii's Rifle Team Arrives  
Home—New Machines  
For Local People.

One hundred and fifty cabin passengers, about forty of whom are tourists, and twenty in the steerage, and 2100 tons of general cargo for this port arrived this morning in the steamer Sierra from San Francisco. A large number of the passengers are kamaaina, who have been visiting on the mainland. A portion of the Hawaiian rifle team which went to the States to compete with the United States rifle teams, returned today, after a very pleasant and instructive trip. Many of the rifle team being talented musicians, entertained their fellow passengers at a series of concerts given during the trip.

The shore people who went out to meet their friends conveyed the political news, which was eagerly received by the travellers. Jailer Ashe, who went out to meet Senator H. T. Moore and other distinguished Democrats, was a busy man.

Mr. and Mrs. Geo. T. Gibbons are in Honolulu, having arrived this morning on the Sierra. They were accompanied by their children.

Mr. and Mrs. Victor Hurd are returning from their honeymoon in the United States. Mr. Hurd was formerly Miss Dean, a school teacher.

Among the returning kamaaina are Mr. and Mrs. J. M. Oat. Mr. Oat, as well known, was for many years Postmaster General during the existence of the Monarchy, the Provisional government and the Republic of Hawaii. Mr. and Mrs. Oat are looking well and the trip seems to have been very pleasant to both.

J. B. Castro, the legislator, who has been in the States on important business, returned today. He was very much interested in learning of the activities of the Republican party when he thinks it good men. He

is a good man.

## Money Shortage In Departments

## Circuit Court Appropriations Nearly Exhausted By Expenses Of Year

"If we can scrape through within the contingent fund we shall do well," said Governor Frear this morning in discussing financial conditions of the Territorial government.

In many departments the money for the fiscal period is nearly all used at the present time, and there are over nine months yet to provide for before the end of the period.

Quarantine and fumigation stations and the prison have also spent more than was anticipated at the time the appropriation was made, and Governor Frear is trying to see how it will all come out.

Last year and every previous year it has been necessary to ask the Legislature for an additional appropriation to cover the running expenses of some departments during the few last months of the session, and to go away with this condition

Secretary Tells of Good Work  
in Washington by the  
Delegate.

Cupid in Prominent Role On  
Board Liner Sierra  
This Trip.

Cupid was commanding officer of the O. S. S. Sierra, which reached Honolulu today from San Francisco. No less than seven couples classified as "Newlyweds" took the trip on the popular Oceanic liner.

It was a happy-go-lucky bunch of tourists anyway and the presence of so much newly-wedded bliss was a constant source of delight to the passengers and furnished plenty of themes for the practical jokers. The spacious upper deck was christened "Honeymoon Trail" right away, after the musical comedy of that name, and one of the corridors that led to the staterooms of three couples received the name of "Paradise Alley."

Among the couples were Captain and Mrs. Merle M. Johnson of Honolulu, and Mr. and Mrs. Victor Hurd of Honolulu.

There were two "Newlyweds" in one bunch. A. N. McRae of Texas is the head of a happy family of seven. His son, Mr. McRae, was married a week ago and the party also in-

## WHAT DOES CLAUSE MEAN?

Bishop Estate Trustees Ask  
Opinion of the  
Court.

Judge Robinson held today that the meaning of the thirteenth clause of the will of Bernice Bishop was that indigent orphans should be educated only in Kamehameha Schools, and that support and education under this clause meant that both must go together.

"And to devote a portion of each year's income to the support and education of orphans and others in indigent circumstances giving the preference to Hawaiians of pure or part aboriginal blood."

This portion of the thirteenth clause of the will of Bernice P. Bishop is the one upon which the trustees of the estate have acted a foolish and injurious act which has been argued by the Bishop Estate Trustees.
